Rock Cycle Update

Dear Parishioner,

As we approach 2009, it is a time to reflect on the past year and think about new beginnings. I am in a unique position to do so, as I approach my retirement. The only thing certain in life is that things will change. Those that embrace and prepare for change will be in a better position to achieve success.

I want to thank **ALL** the parishioners and ministry volunteers who have shared their time, talents and treasure participating in the Rock Cycle process. Your participation in the input sessions, questionnaires, planning teams and Community Forum over the last two years has resulted in the insights attached in the Long Range Advancement Plan (LRAP) developed for the Parish. Please review the summary (page 9) to understand better the various planning areas, challenges and proposed solutions that were developed from parishioner ideas.

Implementation teams are being formed **NOW** to prioritize, research, and to implement parishioner-determined solutions for a long-range advancement plan. As a demonstration of our commitment to this process, members of the parish staff and select committees will co-chair each of the planning teams. We need your help to move these suggestions into action.

The initial work of the implementation teams will form a strong foundation for my successor. Having parishioners engaged in planning and implementing short-term actions that achieve immediate results will demonstrate to the new pastor that St. Peter's is truly a vibrant parish.

We welcome you to become part of this exciting new phase in the life of St. Peter Parish. You can do so by providing your contact information and the Focus Area in which you would like to participate. **I look forward to seeing you at the kick-off meeting for this work on January 25, 1—3 pm, in Father Frawley Hall.**

As pastor during these past 12 years, I've witnessed many wonderful examples of parishioner-led initiatives. I feel certain that this next chapter of parishioner involvement will guarantee a bright future for St. Peter Parish.

Sincerely in Christ, Father Ron Anglim
